

Cincinnati Region SCCA Presents

Barney Powers Memorial Road Rally II *Coast to Coast and Dam to Dam in Clermont County* April 22, 2017

Come join the fun that will have any car enthusiast or intrepid rally adventurer salivating.

We are participating in the Spring Classic Driving Tour in Clermont County, along with almost 20 car and motorcycle clubs and organizations. You can visit the website for this event at [2017 Spring Classic Driving Tour](#).

This is a charitable event and a portion of your entry fee will be donated to the American Lung Association and ALS. Additional donations are greatly appreciated as well.

The site will open at 7:30 AM, so come early to wander around the parking lot, show off your automobile, and get an up close look at other participants' "babies".

SCCA will be conducting a rally as opposed to a drive, so you will receive a set of instructions and questions to answer along the way, and we will crown our winner at the endpoint party. Points will also be awarded for a series championship. An additional award will be presented to the **Rally Masters' Choice** for the most unusual car entered.

Due to the nature of this event, an exact departure time can't be specified, but should be between 10 and 10:30. There will be a brief safety and general instruction meeting approximately 15 minutes prior to departure. The length of the rally is 3 ½ - 4 hours, depending on the length of your stops, driving speeds and frequency of turn-arounds to find answers.

The general instructions, mail-in entry form and additional information can be found on the Cincinnati Region website at <http://cincyscca.com/> Register on-line at [Barney-Powers-Memorial-Road-Rally-II](#)
