Welcome to the first e-copy of the CinChronizer! Unless you have specifically requested a paper copy, you will now only receive our monthly newsletter via email. This helps in the timeliness of delivery, and also saves the region thousands of dollars a year! In addition to the electronic CinChronizer, the region has launched our revised website. Check out the updated look, easier navigation, and added features.

Don't miss out on this year's annual awards banquet! On Friday, January 20th at 6:30pm, the Cincy Region will host our banquet at the Mills Race center. If you've never been, I highly recommend attending. The food is great, and you'll be sure to catch up with some old friends while making plenty of new ones. We always have plenty of great door prizes as well!

I also want to congratulate Todd Cholmondeley on a fantastic job during his first year as membership chair. Our region topped the medium sized regions for both growth and member retention, earning us significant discounts on our 2012 sanctions. Thanks again, Todd! Your services to our club are invaluable!

We hope everyone had a safe and happy holiday season, and we'll see you at the banquet!

Race Report

Happy New Year everyone. First some very good news. Our 2011 road racing campaign was a success and made a modest amount of money which in the world today is saying a lot. And now the scary part. I'm already working on races in June and July of 2012. The OVR/Cincinnati Double National has seen a change in format for this year. The restricted regional that was tentatively scheduled for the weekend has been moved to the following weekend to run with Grand-Am June 7th-9th. Everything else is going smooth. For the July 27th-29th I.T.SPEC*tacluar PDX/Road Race we are a bit ahead of schedule due to planning needed for the Pro SCCA F2000 & F1600 Formula F series. If you currently driver a Formula Continental or Formula (F)ord and are interested in driving in the F2000 or F1600 series you can contact Mike Rand at formularacepromotions@gmail.com The rest of the classes for the event are still being worked on so stay tuned for more details to emerge after our January 10th Race/PDX meeting.

Now some info on the Club Trial we plan to run on Saturday of the I.T.SPEC*tacluar weekend. The Club Trial is for anyone interested in putting a transponder on their PDX legal car and using live timing and scoring to record lap times. Same rules as the PDX apply as far as tech inspection and limited passing zones. If you have driven in the advanced/Instructor group you are automatically eligible. Various other experience such as having driven in three PDX's or extensive autocross participation also apply. If you are interested in the Club Trial please contact Jerry Cabe at jcabe@belcan.com for more information.
