The SEASON has arrived

By this I mean Cars are getting out more and more, Saturday morning events like "Coffee and Cars" at the **FUEL** coffee shop on Riverside Drive, (use to be called Eastern ave) to the Friday night cruise in on the rt 28 Kroger's in Mulberry (east of Milford) and the club runs from Lebo's to the olde Y restaurant. With the new race tires on order (back-ordered) new struts, brakes and alignment we're starting this season off well.

By the time you read this the **Inaugural Spring Fling Rally**, will have happened. **Christy Graham** has put together an event with the start and finish at the **Mill Race center**. See complete coverage in the next issue. Also the **solo** program is geared up and ready for the first event of the year, **Shari McCoy And Nathan Roberts** and the solo committee are keeping a busy schedule with three National events at our **Wilmington** site, plus a full solo series and **Starting Line School**. Some of you road racers may want to come out and use up some of those old tires and shake out some cobwebs. With that said many of you have heard about the new **National Corvette Museum Motorsports Park**. We have a race weekend planned June 12th-14th, this is the first SCCA sanctioned race at the track, It is a full regional, but no PDX this year. **Jerry Cabe** and race committee have been working hard on this new venue and our **"I.T.Spec-tacular"** at **Mid-Ohio August 7-9** with a Friday **PDX** and **Saturday Time Trial**.

If you know of a car event email me and I'll pass it on.
Do car stuff and have fun.

dodgin' cone and wearing whites joe.....>

F & C

Flagging And Communications

When you are at the races how many of these signals have you seen?

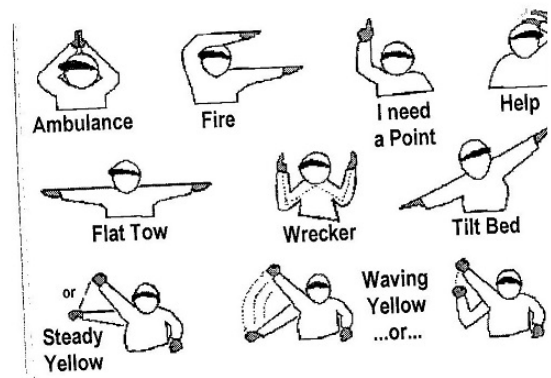

This is within 2 hours of Cincinnati.

Where is it?

I have a fabulous prize for the winner.

Yes I was out riding on my bike.

vamoose5@juno.com

DRIVERS AND CREW

Time to check those helmets, belts and tools before the first event or annual inspection. Look at the fire suppress system, the rain tires, your rain gear and canopy. Is your sunblock out of date? Maps/GPS up to date, know the directions to the new Corvette track? Trailer brakes, lights, are the ramps were you put them? Pack the old part that works in case the new part doesn't, you can always try it out at a solo. Anything can and will go wrong. BE PREPARED

Race Report

By Jerry Cabe

The Race Committee has been very busy this past month. A draft of the Supps were sent for Executive Steward approval and Sanction/Insurance has been requested. **Todd Cholmondeley** (remember him?) has been setting up registration on **MotorsportReg** and is ready to open registration as soon as sanctions are received. **Chris Cann** has been putting together logos for our new event at **NCM Motorsport Park** (see draft below). On April 2nd, **Christy Graham, Gordon Benson, Bill Armitage**, and I visited and made presentations on volunteer specialties at the Kentucky Region membership meeting. We covered the various volunteer specialties needed to put on a Club Race event. There was a lot of interest and we will hopefully have several new recruits available to help at our future events. We are always in need of volunteer help, so if you have an interest in any of our specialties, contact me at jerrycabe2@gmail.com and I will put you in touch with the specialty chief who will tell you how you can get trained/mentored. And speaking of Chiefs, we are still in need of a Pit Chief and Driver Information Chief for our NCM event in June.
